

## **Abberton Scheme Environmental Statement – December 2007**

### **List of Appendices**

#### **Part B Appendices:**

- B-1 Justification of Need
- B-2 The Wormingford Pumping Station and Break Pressure Tank
- B-3 Water modelling
- B-4 DLV option selection and reservoir control curve development
- B-5 Abberton Reservoir - Construction information
- B-6 Pipelines - Code of Construction Practice
- B-7 Reservoir Enhancement - Code of Construction Practice
- B-8 Ecological Management Plan : Abberton Reservoir
- B-9 Abberton Reservoir B1026 Causeway landscape and visual options study
- B-10 Abberton Reservoir Access Strategy

#### **Part C Appendices**

- C-1 Stakeholder groups consulted
- C-2 Organisations consulted on the Scoping Report

#### **Part D Appendices:**

- D-1: Methodology for assessment of effects on donor rivers
- D-2: ILC Modelling Report for the Cut-off Channel
- D-3: Conservation Value Tables
- D-4: Planning policy information

#### **Part E Appendices:**

- E-1 Planning policy information
- E-2 Noise calibration certificate
- E-3 Landscape and visual supporting information
- E-4 Cultural heritage information
- E-5 Biodiversity Phase 1 survey information
- E-6 Great crested newt report
- E-7 Biodiversity evaluation tables
- E-8 Flood Risk Assessment

#### **Part F Appendices:**

- F-1 Planning policy information
- F-2 Hydrology technical appendix
- F-3 Water quality modelling for the River Stour
- F-4 Assessment of hydromorphological effects of the Abberton Scheme
- F-5 Physical Habitat Simulation model (PHABSIM) technical appendix
- F-6 Stour Estuary surveys
- F-7 Fisheries baseline of the River Stour
- F-8 Fisheries baseline of the River Pant
- F-9 Biodiversity evaluation tables
- F-10 Cultural heritage information
- F-11 Angling and commercial eel fishing study
- F-12 The Wormingford Hands Off Flow

#### **Part G Appendices:**

- G-1 Planning policy information
- G-2 Flood Risk Assessments – Wormingford Pumping Station and Wormingford to Abberton Pipeline
- G-3 Landscape and visual supporting information
- G-4 Cultural heritage information
- G-5 Biodiversity Phase 1 survey information
- G-6 Great Crested Newt Report
- G-7 Biodiversity evaluation tables
- G-8 Noise calibration certificate

## **Part H Appendices:**

H-1	Planning policy information
H-2	Noise results graphs
H-3	ALC survey report
H-4	Landscape and visual supporting information
H-5	Cultural heritage information
H-6	Ecological survey information
H-7	Aquatic limnology report
H-8	Abberton Causeway visitor surveys
H-9	Water quality modelling
H-10	Flood Risk Assessment
